

**Gray Davis, Governor**

STATE CLEARINGHOUSE

---

# NEWSLETTER

**March 1 through 15, 2001**

# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents, federal notices and federal grant applications received by the Clearinghouse during the period **March 1 through 15, 2001**.

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse.html#clearinghouse](http://www.opr.ca.gov/clearinghouse.html#clearinghouse)

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Katie Shulte and Karen Fowler (for projects in Northern California)  
Scott Morgan and Brian Grattidge (for projects in Southern California)

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 1999 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

**Establish lower temperature set points in common areas and set Zones to 68 degrees F during business hours and 55 degrees after hours.**

## **ENERGY EFFICIENT BUILDING STANDARDS**

As many Californians have experienced first hand, the energy challenge facing the Golden State is real. The Governor continues in his commitment to California, working with grassroots organizations, consumer groups, Members of the Legislature, and the utility companies, to develop livable, long term solutions for the electricity shortfall that are both reliable and affordable.

In an unprecedented move to mitigate energy consumption, the Governor, in concert with the California Building Standards Commission, working in response to the requirements set forth in AB 970 (Chapter 329, Statutes 2000), recently adopted the nation's toughest regulations regarding energy efficient building standards. These tough new standards are a continuation of the leadership role California has taken in energy conservation.

Some of the major features of these new standards include:

- 1) More efficient air conditioning and heating ducts to prevent leaks, as studies have shown that typical ductwork in new homes resulted in a loss of up to 30 percent of air conditioning in the summer;
- 2) Improved window requirements that will reduce the amount of solar heat that radiates into homes on hot summer days, causing an increase on air conditioning loads; and,
- 3) More efficient gas fired pool and spa heating systems, including mandatory use of covers, directional inlets that efficiently mix the water, and time switches.

The new standards, most of which will go into effect on June 1, 2001, enjoy a wide range of support from the California's utilities, the California Building Industry Association and the Natural Resources Defense Council.

Please remember to do your part to conserve!

Should you wish to review the "Energy Efficient Standards for Residential and Nonresidential Buildings," in their entirety, you may do so by accessing the California Energy Commission's web site at <<http://www.energy.ca.gov/reports/index.html>>.

# Federal Notices

<b><u>Intergovernmental Review Notices (March 1 - 15, 2001)</u></b>
---

The following are notices received by the State Clearinghouse from federal agencies in compliance with Executive Order 12372. If you would like more information about the subject matter, please contact the agency representative listed below.

**AGENCY:** Sonoma County Community Development Commission (SCCDC)

**CONTACT:** Janie V. Walsh

**TELEPHONE:** (707) 565-7500

**E-MAIL:** N/A

**ADDRESS:** Sonoma County Community Development Commission, 1440 Guerneville Road, Santa Rosa, CA 95403-4107

**DESCRIPTION:** On or about March 14, 2001, the SCCDC will submit a request to the U.S. Department of Housing and Urban Development (HUD) for the release of Community Development Block Grant funds under Title I of the Housing and Community Development act of 1974, as amended, to undertake a project known as the Harbor View Village in Bodega Bay, Sonoma County, CA. The proposed project consists of constructing 14 units of affordable family housing on one lot within the Romancia (formerly Harbor View) Subdivision to be located on the east side of Highway 1, at an estimated total cost of \$2.2 million. A finding of no significant impact (FONSI) on the environment for the proposed project was published on June 22, 1998. A re-evaluation of the FONSI, to consider potential impacts of changed project conditions, was completed on March 2, 2001.

**COMMENT BY:** N/A

**AGENCY:** U.S. Department of the Interior - Bureau of Land Management

**CONTACT:** Duane Marti

**TELEPHONE:** (916) 978-4675

**E-MAIL:** N/A

**ADDRESS:** Bureau of Land Management, California State Office, 2800 Cottage Way, Suite W1834, Sacramento, CA 95825

**DESCRIPTION:** The Bureau of Land Management (BLM) proposes to withdraw approximately 20 acres of public land in San Luis Obispo County to assure long term protection and management of historic structures, archaeological resources, wildlife habitat, scenic quality, and high educational and interpretive values of the public land and resources, located at Point Piedras Blancas. BLM is proposing to manage the land and its resources in a collaborative effort with other Federal and State agencies. The Piedras Blancas Light Station was listed on the National Register of Historic Places on September 2, 1991. The adjacent coastline is part of the California Coastal National Monument and the Monterey Bay National Marine Sanctuary. This notice closes the land for up to 2 years from the mining. The land will remain open to mineral leasing and the Materials Act of 1947.

**COMMENT BY:** April 23, 2001

**AGENCY:** Federal Energy Regulatory Commission

**CONTACT:** N/A

**TELEPHONE:** N/A

**E-MAIL:** N/A

**ADDRESS:** Federal Energy Regulatory Commission, 888 First Street, NE,  
Washington, DC 20426

**DESCRIPTION:** The FERC issued an Order Issuing New License to the Pacific Gas and Electric Company (PG&E) on March 6, 2001. The new license is to continue operation and maintenance of the Haas-Kings Hydroelectric Project. The 193.16-megawatt project is located on the North Fork Kings River near the towns of Centerville, Fresno, and Sanger, in Fresno County, California. The project, with staff recommended measures, would generate an average of approximately 679.2 gigawatt-hours of energy annually. The Kings River development occupies about 113 acres of Federal lands, of which about 76 acres are within the Sierra National Forest and about 37 acres are managed by the U.S. Corps of Engineers. The Haas development occupies about 3,092 acres of Federal lands, of which about 3,057 acres are within the Sierra National Forest, about 31 acres are managed by the Corps, and 4 acres are managed by the Bureau of Land Management.

**COMMENT BY:** N/A

# CEQA Documents

## Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

## CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Thursday, March 01, 2001</u></b>			
2000061025	<p>Milliken and Greystone Industrial Center Ontario, City of Ontario--San Bernardino</p> <p>As proposed, the application includes two components. The first part includes an amendment to the Milliken Industrial Park Specific Plan to change the land use designation at the southwest corner of Milliken Avenue and Greystone Drive from Commercial to Garden Industrial. The second component of the application includes the development of approximately 10.82 acres of land within the Milliken Industrial Park Specific Plan. Development of the project site will include the construction of a 122,000 square foot industrial building. The project building consists of poured-in-place concrete slabs, concrete tilt-up construction with wood panel roof systems up to 36 feet in height. Truck roll-up doors will be provided on the west side of the building to allow trucks to pull into the building for pick-up and deliveries. Additionally, the site will be fully walled/fenced and secured with gates.</p>	EIR	04/16/2001
2000121082	<p>Morro Bay State Park Campground Rehabilitation and Road Realignment Parks and Recreation, Department of Morro Bay--San Luis Obispo</p> <p>The proposed project would 1) rehabilitate the campground, including a new entrance station, realignment of campground loop roads, construction of paved campsite parking spurs, replacement of park furniture, and installation of new shower/ restroom buildings; 2) expand day-use facilities between the campground and marina, including installation of new public sites, campfire center, parking area; and 3) realign Lower State Park Road.</p>	EIR	04/16/2001
2001011059	<p>California Science Center/California African American Museum Parking Structure California Science Center Los Angeles, City of--Los Angeles</p> <p>The State of California and the California Science Center are proposing to construct a new four-level, subterranean parking structure on state facilities of regional significance such as the Los Angeles Memorial Coliseum and the Sports Arena. The proposed parking structure would be located on an existing surface parking lot west of Figueroa Street and immediately North of Coliseum Drive. The Parking Structure would be located below ground in what is now an asphalt parking lot. The immediate area around the proposed structure would slope down to the lower parking levels, allowing the walls of the structure to remain open to the air. New educational gardens would be provided in the sloped areas immediately west and north of the parking structure resulting in a net increase in landscaped open space in the park.</p>	EIR	04/16/2001
2001031001	<p>Historic District Investigations and Interim Protection Plan Parks and Recreation, Department of --Orange</p> <p>Implement various health and safety measures, protection and stabilization project at the Crystal Cove State Park Historic District including water quality, geo-technical, and hazardous material testing, minor site repairs and stabilization, and general site cleanup.</p>	NOP	03/30/2001

## CEQA Daily Log

Documents Received during the Period: 03/01/2001 - 03/15/2001

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Thursday, March 01, 2001</u></b>			
2001032003	Mining Permit and Reclamation Plan Application for the Sugarloaf Mine at Cherokee Butte County --Butte Mining Permit and Reclamation Plan to mine and process silica sand on a 789 acre site. Ancillary heavy minerals including zircon, chromium, gold and micro diamonds will also be removed from the sand product during processing. The mine will occupy approximately 125 acres. Mining activity will occur in 5 phases over 23 years.	<b>NOP</b>	03/30/2001
2001032008	Tracy Gateway Business Park Tracy, City of Tracy--San Joaquin 6,000,000 square feet high tech office space, 780,000 square feet commercial, retail and hotel use with option for 300 apartment units. This 538 acre site is located at the western entrance to Tracy adjacent to Highway I-205. Development to include recreation facilities (9 hole golf course and water features).	<b>NOP</b>	03/30/2001
2001011054	Burgundy Hills Townhomes Project Buellton, City of Buellton--Santa Barbara The proposed project consists of two (2) interrelated land use applications, all of which specifically concern the subject property: a. Vesting Tentative Tract Map; b. Preliminary Development Plan. The proposed project involves allowing the development of a 29-unit Planned Unit Development of Townhomes on two existing parcels totaling 3.9 acres. The project would therefore feature a residential density of 7.4 units per acre. The project involves 38,876 square feet (0.9 acre) of total habitable living area and 11,128 feet (0.25 acre) of total garage/storage space (refer to Figure 3, Site Plan). The total building footprint would be 22,457 square feet (0.5 acre), which would represent approximately 13.2% of the site. The proposed residential units would be clustered in the gently sloping southern and steeper central portion of the site.	<b>Neg</b>	03/30/2001
2001012009	Calaveras Road Slope Stabilization Project Milpitas, City of Milpitas--Santa Clara The proposed project consists of the stabilization of the bank supporting the south shoulder of Calaveras Road with mechanical soil anchors and miscellaneous drainage improvements (Phase 1), and the installation of drilled piers or a retaining wall to arrest further movement of soils (Phase II).	<b>Neg</b>	03/30/2001
2001031006	Final Closure and Postclosure Maintenance of the Keeler Landfill in Inyo County Inyo County --Inyo Conduct closure construction, postclosure maintenance, and related activities for the inactive Keeler Disposal site in accordance with the applicable requirements of California Code of Regulations Title 27 Section 21090, 21180, and 21830.	<b>Neg</b>	04/02/2001

## CEQA Daily Log

<b><u>Documents Received on Friday, March 02, 2001</u></b>			
2001034001	Amendment of Presidential Permit, San Diego and Electric U.S. Department of Energy San Diego, Chula Vista--San Diego SDG&E proposes to upgrade 9 miles of an existing international transmission line (known as the Miguel Tijuana line) south of San Diego. The upgrade consists of constructing an electrical switchyard at the Otay Mesa Powerplant (currently being constructed), the construction of 0.1 mile of new double circuit transmission line from the new substation to the existing transmission line, and reconductoring, by adding 6 additional conductors (wire) to the existing towers between the interconnection point and SDG&E Miguel Substation. This proposed project will tie the new Otay Mesa powerplant to the Southern California electrical system.	EA	04/02/2001
1996062020	Village Of Gateway Draft Environmental Impact Report Madera County Madera--Madera The project consists of a proposed master-planned development on 2,392 acres. Residential, commercial institutional and recreation developments are included in the proposal.	EIR	04/16/2001
2000102027	Meridian Plaza Office and Garage Project Sacramento, City of Sacramento--Sacramento Notice of Availability of the Draft Environmental Impact Report for the (1) Phase I Office Tower (243,689 gsf, 12 story, 150 foot high) located at the northeast corner of 14th and L Street, (2) Stand-alone parking garage located at the southeast corner of 15th and K Street, and (3) surface parking lot located at the southwest corner of 15th and K Streets. Includes Analysis of Concepts for Phase II Office Tower (assuming 312,500 gsf, 22 story, 300 foot high) located at the southwest corner of 15th and K Streets, although no entitlements are requested at this time.	FIN	
2001031004	Armstrong Ranch Santa Ana, City of Santa Ana--Orange The proposed project includes the development and subdivision of a 49-acre parcel of land, known as the Armstrong Ranch, in the City of Santa Ana. The eastern portion of the project site will consist of 160 single-family homes, with an average lot area of nearly 6,200 square feet. Landscaping and recreational facilities will cover more than 2 acres, and streets and sidewalks will utilize about 7 acres, for a total of approximately 31.9 acres. A gated entrance from Bear Street will be landscaped, and a perimeter masonry wall with exterior landscaping will surround the development. Easements will be provided for connections to existing utilities, and emergency access routes will be provided. Development for the 15-acre central portion of the site will consist of church facilities for the Roman Catholic Diocese of Orange County. The church facilities will include a church, Bishop's residence, campanile (bell tower), hall, meeting rooms, day care and preschool facilities, and offices. The building complex will be connected by extensive landscaped plazas, fountains, and pedestrian walkways. The project will be served by vehicular entrances and exists at MacArthur Boulevard and Alton Avenue, a passenger drop-off area, and parking north and east of the church facilities. The western portion of Armstrong Ranch, comprising 38.9 acres, is reserved for future public use.	NOP	04/03/2001

	with the beneficial uses of the Sacramento/San Joaquin Delta Waterways. Control includes proven chemical and mechanical methods, and continued research for new control strategies.		
1999121054	Lake Morena Fire Station San Diego County, Department of Planning and Land Use Morena--San Diego A single-story, 3,200 sq. ft. building, 22 ft. in height, with off-street parking for up to 14 vehicles. Two firefighters will typically be on duty at the station at one time, and two fire engines will be stored in the building.	<b>NOD</b>	
1999121055	P72-309W3 San Diego Country Estates International Equestrian Center San Diego County, Department of Planning and Land Use Ramona--San Diego The project is the modification of an existing Major Use Permit. The project is currently permitted for an equestrian center that includes; stables for 80 horses, a hay barn, equipment barn, 3 hot walkers, 2 training rings with bleachers (3 were built), a jump ring, a breaking ring, training track, office and lounge and parking for 192 vehicles (only 13 were built, and the number is adequate for existing and proposed uses). The existing permit was issued in 1972 and amended in 1975. Changes have been made to the permit that are allowed by the permit and construction has taken place that is inconsistent with the approved plot plan. The following uses are proposed for the modification of this permit: 60 corrals (43 existing), RV/Boat storage for 255 vehicles (177 exist at this time and a new 78 space lot is proposed), a maintenance office and yard, a manure transfer station (to be relocated), a scout equipment storage area, a community cable TV antenna facility, a small decomposed granite borrow pit, additional training ring (existing), and horse trailer parking for 40.	<b>NOD</b>	
1999122081	Annunciation Greek Orthodox Church Sacramento, City of Sacramento--Sacramento The proposed project would remove (demolition or relocation) almost all of the existing buildings on the block and construct a 12,151 square feet church (550 seats), 1,390 square feet chapel (56 seats), and related facilities; a private school (K-3, 128 students); and 32 units for seniors. The proposed church dome would be approximately 85 feet high. A 222-space parking garage would be constructed approximately 5-7 feet below grade underneath the majority of the site.	<b>NOD</b>	
2000022010	Madison Avenue/Interstate 80 Interchange Project Sacramento County North Highlands--Sacramento The proposed project consists of modifications to the existing interchange configuration, widening Madison Avenue overcrossing to seven lanes, and installing ramp meters.	<b>NOD</b>	
2000051043	Linda and Susan Perisits Yucaipa, City of Yucaipa--San Bernardino CDFG is executing a Lake and Streambed Alteration Agreement pursuant to Section 1603 of the Fish and Game Code to the project applicant. The applicant proposes to install a new city storm drain pipe at the north property line of a 47 lot	<b>NOD</b>

<b><u>Documents Received on Monday, March 05, 2001</u></b>			
1997012055	San Joaquin Multi-Species Habitat Conservation and Open Space San Joaquin County Council of Governments Escalon, Lathrop, Lodi, Manteca, Ripon, Stockton, Tracy--San Joaquin Adoption and implementation of the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan (SJMSCP) and related implementation agreement to establish a Countywide multi-species habitat and open space conservation and management program to mitigate impacts of urban development-including mitigation for the take of endangered and non-endangered wildlife species and conversion of open space, agricultural, and other habitat lands.	<b>NOD</b>	
1997012055	San Joaquin Multi-Species Habitat Conservation and Open Space San Joaquin County Council of Governments Escalon, Lathrop, Lodi, Manteca, Ripon, Stockton, Tracy--San Joaquin The project is a countywide, multi-species habitat conservation and open space plan.	<b>NOD</b>	
1998041038	Eastvale Master Drainage Plan Revision Number 1 Riverside County Flood Control and Water Conservation MIRA LOMA--Riverside CDFG is executing a Lake and Streambed Alteration Agreement (SAA# 6-123-99) pursuant to Section 1601 of the Fish and Game Code to the project applicant, Riverside County Flood Control and Water Conservation District.	<b>NOD</b>	
2000011097	Long Beach Redevelopment Long Beach Redevelopment Agency Long Beach--Los Angeles Readoption of the Central Long Beach Redevelopment Project to eliminate blighting influences and environmental deficiencies.	<b>NOD</b>	
2000062108	Coyota Creek Outdoor Classroom Santa Clara Valley Water District San Jose--Santa Clara Regrading of approximately .025 acres of the bank of Coyote Creek. Area will be reinforced with geogrid and planted with native species.	<b>NOD</b>	
2000082095	Roadway Rehabilitation and Widening Caltrans Chico--Butte The project will rehabilitate the roadway and construct shoulders where none currently exist within a 6.8 mile segment of State Route 99, north of Chico in Butte County.	<b>NOD</b>	
2000102058	Walnut Park Estates Sutter County Yuba City--Sutter Amend the General Plan Land Use Diagram changing the designation of the subject property from AG-20 to LDR; to change the zoning classification from AG District to R-1 Planned Development District; and to allow the division of a 63-acre parcel into 128 lots.	<b>NOD</b>	

## CEQA Daily Log

Documents Received during the Period: 03/01/2001 - 03/15/2001

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Monday, March 05, 2001</u></b>			
2000111016	Newport Technology Center Newport Beach, City of Newport Beach--Orange The project involves the approval of a use permit to exceed the basic height limit of 32 feet up to 50 feet in conjunction with the remodel of an existing 416,499 square foot research and development site. The project involves the demolition of 208,926 square feet of existing development and the construction of 207,920 square feet for a total of 415,493 square feet.	<b>NOD</b>	
2000112050	Change in Operations at existing Household Hazardous Waste Collection Facility Mendocino Solid Waste Management Authority Ukiah--Mendocino Existing facility at 298A Plant Road, Ukiah, California, was permitted with the State of California as a Permanent Household Hazardous Waste Collection Facility in 1996 and has functioned to date as a storage and processing facility and truck depot. Operations will be changed to allow private vehicles to come to the facility for unloading of household hazardous wastes and small quantity commercial wastes. Appointments will be restricted to Tuesdays through Thursdays, 7 a.m. to 3 p.m., and will not exceed 30 per day.	<b>NOD</b>	
2000121075	Desert Solutions Incorporated Composting Facility Cathedral City Cathedral City--Riverside Clean-up of existing facility including grinding of approximately 60,000 cubic yards of dried green waste to be used as alternative daily cover at Edom Hill Landfill. Construction of in-vessel composting system. Designated areas for tipping, separating, curing and screening. Placement of pre-fabricated mobile office and scale for weighing material.	<b>NOD</b>	
2001011032	Little Lake Hotel Demolition Project Inyo County --Inyo Demolition of Little Lake Hotel. Restore to natural setting.	<b>NOD</b>	
2001011078	Acquisition of Water from Arvin-Edison Water Storage District for the Environmental Water Account Water Resources, Department of Arvin--Kern, Merced DWR would purchase 10,000 acre-feet of banked Friant-Kern flood water stored in Arvin-Edison groundwater basin. The water will be used for the CALFED Environmental Water Account for fishery protection.	<b>NOD</b>	
2001039006	Dividend Homes c/o Skip Spiering Gilroy, City of Gilroy--Santa Clara The project consists of removing an existing storm drain outfall pipe and riprap and replacing it with 31 feet of new 24 inch cmp pipe and installing new rock riprap to prevent erosion. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number #R3-2000-1095 pursuant to Section 1603 of the Fish and Game Code to the project applicant.	<b>NOD</b>	

## CEQA Daily Log

Documents Received during the Period: 03/01/2001 - 03/15/2001

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Monday, March 05, 2001</u></b>			
2001038024	Rehabilitation of County Road 1 EX2001-07 Modoc County --Lassen Dig out and patch any spots of failed existing pavement. Overlay existing pavement with new pavement, in two lifts with paving fabric between lifts. Place and compact shoulder backing about two feet wide. Stripe pavement and replace roadside reflectors as needed.	<b>NOE</b>	
2001038025	Rehabilitation of County Road 91-EX2001-08 Modoc County --Lassen Dig out and patch any spots of failed existing pavement. Overlay existing pavement with new pavement, in two lifts with paving fabric between lifts. Place and compact shoulder backing about two feet wide. Stripe pavement and replace roadside reflectors as needed.	<b>NOE</b>	
2001038026	G. Roger Brubaker Park Utility Crossing Hemet, City of Hemet--Riverside Installation of an 18-inch wide by 5.5-foot-deep by approximately 30-foot long utility trench. The trench will include slurry backfill with an electrical conduit, water conduit, and a sleeve for future conduits. A 4.5 foot-wide concrete slab will be placed over the trench with 12-inch minimum size of rip-rap at the base of the slab for erosion protection.	<b>NOE</b>	
2001038027	Sereno del Mar Water Treatment Plant Health Services, Department of --Sonoma The project involves installation of a 2-inch PVC raw water pipeline from Carmet Water Company's existing water line to the treatment facility proposed to be improved by the Sereno del Mar Water Company.	<b>NOE</b>	
2001038029	Boat Boarding Floats Boating and Waterways, Department of Los Angeles, City of--Los Angeles This project will replace existing boarding and administrative docks at the Wesr Ramp site. The existing boarding floats are damaged and deteriorating with age.	<b>NOE</b>	
2001038030	"Hill" 451J (030-18068) Conservation, Department of --Kern Drill a development well within the administrative boundaries of an oil and gas field. The well will be compatible with existing land use.	<b>NOE</b>

	further corrosion. The beneficiaries of this project are the people of California. This project will include cleaning the surface of Pastoria Siphon Pipelines and completely recoating both pipelines to prevent further corrosion. The beneficiaries of this project are the people of California.		
2001038094	Pump-Turbine Refurbishment, Units 2,4, and 6 Hyatt Powerplant Water Resources, Department of, Division of Engineering Oroville--Butte This project will renovate Hyatt Powerplant by replacing turbine runners, wicket gates, wear rings and appurtenances. The new design will also replace all wicket gate grease lubrication bushings with self lubricated bushings to minimize hydrocarbon leaks to the environment. The beneficiaries of this project are the people of California.	<b>NOE</b>	
2001038096	Agreement R4-2000-0117; Big Dry Creek Fish & Game #4 Clovis--Fresno Replacement of an existing timber bridge with a new box culvert.	<b>NOE</b>	
2001038097	Agreement No. R4-2000-0154; Erosion Control at Duck Creek 10-STA-4-PM 0.88. Fish & Game #4 --Stanislaus The project will place approximately fifty 100-pound concrete sacks along the upstream and downstream banks immediately adjacent to existing structure (a culvert) at the site to prevent additional erosion. Minor disturbance to the native soil will be necessary to ensure a secure fit of the concrete sacks.	<b>NOE</b>	
2001038098	Agreement No. R4-2000-0168; Terra Linda Farms Channel Maintenance. Fish & Game #4 --Fresno The project will clean and maintain an existing water diversion channel from James Slough to the Traction Ranch irrigation pump. A backhoe will work from the bank to remove accumulated silt, vegetation and debris from the channel that measures approximately 10 feet wide x 300 feet long.	<b>NOE</b>	
2001038099	Agreement No. R4-2000-0167; Terra Linda Farms Work Platform Maintenance. Fish & Game #4 Mendota--Fresno The project will add approximately 1.5 feet of elevation to an existing water diversion work area. Clean sand will be placed on the work pad to increase elevation to keep pumping equipment placed there dry. The project will increase the size of the existing work area by approximately 20-feet long x 30-feet wide. Clean sand will be used to create the maintenance of the project. The fill will be compacted when in place. Ten-wheel dump trucks will deliver the fill material on existing roads.	<b>NOE</b>	
2001038100	Agreement R4-2000-0158; Sand Creek Pipeline Removal Fish & Game #4 Taft--Kern The project will remove a section of an unused 6-inch pipeline and cap the cut ends. The project will expose an adjacent 8-inch pipeline, clean the exterior and re-coat it with a high abrasion coating. The sediment and debris from around these pipelines will be removed from Sandy Creek and spread over the nearby	<b>NOE</b>

	creek banks.		
2001038101	Agreement R4-2000-0159; Buena Vista Creek Pipeline Repair Fish & Game #4 --Kern The project will expose an existing 8-inch pipeline, clean the exterior and re-coat it with a high abrasion coating. The sediment and debris from around these pipelines will be removed from Buena Vista Creek and spread over the nearby creek banks. All disturbed areas will be recontoured to pre-project condition.	<b>NOE</b>	
2001038102	Streambed Alteration Agreement (5-324-00) For The Santiago Hills II Project Fish & Game #5 --Orange The applicant impacted 0.323 acre of stream with fill to construct temporary access and conduct geotechnical borings for the Santiago Hills II project. The Agreement is being written after-the fact to incorporate the onsite restoration measures and the off-site compensation measures. The applicant shall mitigate as described in the submitted documents and as follows: (a) Restore the 0.323 acre of stream by removing all of the fill, restoring the contours, implementing the erosion control plan, replacing pre-existing top soil to facilitate natural recruitment, and keep the area free of invasive species; and (b) Eradicate 0.97 acre of Arundo and other invasive species from the upper reaches of Silverado Creek, tributary to Santiago Creek.	<b>NOE</b>	
2001038103	El Dorado Hall Addition California State University Trustees Sacramento--Sacramento The project involves installing 1,500 square foot prefabricated metal building adjacent to El Dorado Hall. The building will be used for storage and lab support.	<b>NOE</b>	
2001038104	Building G-100 (Humanities) San Diego Community College District --San Diego Demolition of existing one-story, 20,395 square-foot Building G-100 which currently houses 2 lecture halls, 6 classrooms, and offices and construction of a three-story, 45,748 square-foot building to house 3 lecture halls, 5 general purpose classrooms, and offices on the same site.	<b>NOE</b>	
2001038105	Septic Line to Pump Sewage Effluent Fish & Game Commission --Amador Issuance of Streambed Alteration Agreement R2-2001-15 for the installation of a septic line. This involves trenching and laying a septic drain line (2" PVC) under two seasonal drainages and backfilling.	<b>NOE</b>	
2001038106	Issuance of Streambed Alteration Agreement R2-2001-32 Fish & Game Commission Ione--Amador Installation of TWP 32"X 50" culverts: excavation, placement, stabilization and backfill.	<b>NOE</b>

2000121018	<p>513 North Main Street Building Demolition Los Angeles County Department of Public Works Los Angeles, City of--Los Angeles</p> <p>The 513 North Main Street building, constructed in 1918, does not meet current building codes and it is deteriorating to the point of being unsafe. Accordingly, the Los Angeles County Department of Public Works is proposing to demolish the abandoned five-story building. Demolition activities would require approximately 10 to 13 weeks to complete. Upon completion of the demolition activities, the site would be converted to an open paved lot. The building is not listed on the National Register of Historic places because of its late date and lack of historical association with the surrounding buildings. Several nearby buildings are listed on the National Register.</p>	<b>NOD</b>

2001031052	Dickenson Ferry Road at Bear Creek Bridge Replacement Project Merced County --Merced The County of Merced, in conjunction with Caltrans and the Federal Highway Administration (FHWA), proposes to replace Bear Creek Bridge (Bridge #39C0095) on Dichenson Ferry Road in Merced County. The new bridge is to be a 90-foot long by 35.5 foot-wide concrete structure which will be placed in the same location as the old structure. The project will necessitate the realignment of four adjacent canal bank roadways, the removal of an existing residence, and the widening of Dickenson Ferry Road to 32 feet for a length of approximately 600 feet on both sides of the bridge. On the east side of the bridge, Dickenson Ferry Road and the adjacent Quinley Avenue intersection will be realigned. A substantial amount of fill will need to be imported to provide for a smooth vertical transition to the existing grade. Several hundred feet of the O'Donnell Lateral, an irrigation canal owned and operated by the Merced Irrigation District, will need to be relocated as a result of this project. Significant modifications will need to be made to the irrigation system from the agricultural property on the northwest corner of the project.	<b>CON</b>	03/28/2001
1984030708	Sea World Master Plan San Diego, City of Mission Beach, Pacific Beach--San Diego Sea World Master Plan Update, Mission Bay Park Master Plan Update and Local Coastal Program Land Use Plan Amendment, and General Plan Amendment to allow an increase of the height limit on the existing 189.4 acre Sea World leasehold from 30 feet to a maximum of 160 feet, in order to implement the approved Sea World Initiative, Proposition D. The Sea World Master Plan Update	<b>EIR</b>	04/25/2001

<b><u>Documents Received on Monday, March 12, 2001</u></b>			
1984061912	<p>proposes locations within the theme park area where taller structures could be developed with exhibits, rides or shows as well as an extensive renovation of the front gate area. One particular area is designated for development as a "Splash-Down" ride. Other structures within the Sea World leasehold but outside the theme park proposed to exceed 30 feet in height would include a hotel, an Educational Facility, the Special Events Center expansion, and a parking structure. The project also proposes expansion of the Sea World Marina (formerly "Perez Cove" Marina) and would allow for additional future redevelopment throughout the leasehold. The project site is located in Sea World.</p> <p>Rincon Hill Mixed Use District (2000.1081E) San Francisco, City and County of San Francisco--SAN FRANCISCO The San Francisco Planning Department proposes to amend the Area Plan for the Rincon Hill Area and to combine the Planning Code's Rincon Hill Special Use District sub-area designations (Residential and Commercial/Industrial sub-areas) into one Rincon Hill Mixed Use (RHM) District, to increase height limits, and to make other changes intended to stimulate additional high density, residential development in the Rincon Hill area. The proposal would also rezone five parcels north of Folsom Street, between Main and Spear Streets, and would enact a 15-foot legislated setback (beyond the existing 10-foot sidewalk) on the north side of Folsom Street in order to ensure that future development in the area does not preclude development of a widened sidewalk and "boulevard' treatment for this section of Folsom Street. Amendments of the San Francisco General Plan and Planning Code, including text and zoning map changes, would be required for the proposal.</p>	<b>NOP</b>	04/11/2001
2001031046	<p>Central Los Angeles Area New High School #9 Los Angeles Unified School District Los Angeles, City of--Los Angeles LAUSD proposes to construct a new high school at 460 North Grand Avenue in the City of Los Angeles. The proposed high school would have a total enrollment of 2,129 students in grades 9-12 with approximately 1,521 students in session at one time. This school is proposed to operate under the Concept 6 calendar, which is the calendar for a three-track program. Two of three groups of students are in school at any given time, while one group is on vacation, with 163 scheduled days of instruction and about 40 percent increase in operating capacity. The proposed high school would contain a total of 64 classrooms consisting of 52 regular classrooms, nine special education classrooms and three set-aside classrooms. The proposed new high school will relieve overcrowding at the existing Belmont Senior High School, located at 1575 West 2nd Street in the City of Los Angeles (approximately 1.5 miles southwest of the project site).</p>	<b>NOP</b>	04/10/2001

	approximately 60 acres from the boundaries of an Agricultural Preserve; and (c) Tentative Parcel Map No. 10721. The project site consists of three 20 acre parcels, one of which is proposed for subdivision into four, 5-acre parcels. Development on the parcels is limited to three oil wells that are currently idle. No specific development proposals were submitted with the current request, however, the Natural Resource District is primarily intended to accommodate a limited range of resource exploration, production, and transportation operations related to the production of petroleum or mineral resources. The zoning district will also accommodate development of limited agriculture related activities. Sewage disposal and potable water will be provided by individual septic tank and private well, respectively.		
2001031055	Fusari Gary Monterey County Salinas--Monterey Use Permit for a mini-storage facility and Use Permit for tree removal.	<b>Neg</b>	04/11/2001
2001031056	Carpinteria Valley Water District Headquarters Well Development Carpinteria, City of Carpinteria--Santa Barbara The Carpinteria Valley Water District is proposing the development and operation of a water well and associated filtration system. The well would replace a previously existing well located about 100 feet from the proposed well which failed in 1992 due to sanding-in. The project would provide increased reliability for the CVWD's groundwater production capability and improve the District's ability to meet peak water supply demands.	<b>Neg</b>	04/11/2001
2001031057	University Park Utilities Improvement Lompoc, City of Lompoc--Santa Barbara Utility improvements- Water, Electric, Waste Water.	<b>Neg</b>	04/12/2001
2001031058	San Gabriel Valley Water Company Plant B6 Treatment Facility San Gabriel Basin Water Quality Authority Baldwin Park--Los Angeles The project consists of expanding an existing treatment facility owned and operated by the San Gabriel Valley Water Company. The treatment facility is located at 14104 Corak Street in the City of Baldwin Park. The expansion will include the addition of necessary equipment to treat contaminated groundwater to drinking water standards. The equipment will include ion exchange technology coupled with advanced oxidation technology.	<b>Neg</b>	04/12/2001
2001032058	American River Project, California Folsom Dam Modifications Reclamation Board Folsom--Sacramento Enlargement of 8 existing river outlets and modification of the use of surcharge storage at Folsom Dam.	<b>Neg</b>	04/11/2001

2001032073	East Connector Roadway Project Trinity County Planning Department --Trinity The proposed East Connector Roadway Project will consist of a two-lane controlled access divided arterial with 3.6 mile lanes and 1.8 mile paved shoulders classified as Class II bicycle lanes that will provide a direct connection from State Route (SR) 299 across from Glen Road to SR 3 across from Five Cent Gulch Street. The bridge crossing over the East Weaver Creek will be concrete structure, consisting of either a reinforced concrete cast in place box girder structure on spread footings or a flat slab structure with piles, and will be approximately 55 meters long. A new traffic signal is proposed at the East Connector Roadway intersection with SR 299 and Glen Road. In addition to the East Connector Roadway, an asphalt or concrete paved Class I Bikeway, at least 2.4 miles wide, is proposed adjacent to Levee Road, including a pedestrian/bicycle bridge crossing of East Weaver Creek near Lowden Road.	<b>NOP</b>	04/13/2001
2001032079	City of Rio Vista General Plan Update Rio Vista, City of Rio Vista--Solano The project consists of the EIR for the update to the City of Rio Vista General Plan.	<b>NOP</b>	04/13/2001
1987060826	Centennial High School Addition Project Corona-Norco Unified School District Addition consisting of an approximate 34,000 square foot two story science building, including nine classrooms, ten science laboratories, television studio, and toilets, to be located near the northwest corner of the high school site, located at 1820 Rimpau Avenue, in the city of Corona, California, on an approximate one acre parcel.	<b>Neg</b>	04/13/2001
1997102109	Prospect Island Ecosystem Restoration Project Water Resources, Department of --Solano DWR and the US Army Corps of Engineers proposes to construct a shallow water habitat restoration project on Prospect Island in the northwestern part of the Sacramento-San Joaquin Delta in Solano County. This revised environmental documentation reflects a new project design and supercedes prior documentation filed in 1999.	<b>Neg</b>	04/13/2001
2001031064	Orange Elementary School New Construction Project Corona-Norco Unified School District Corona--Riverside New school construction project consisting of a single building containing approximately 58,000 square feet, including 35 classrooms, a multi-purpose area, a library/media area, an administration area, restrooms, and playground area, located on an approximate 10-acre site.	<b>Neg</b>	04/13/2001

2001032074	Rock Creek Road at Rock Creek Bridge Replacement Shasta County --Shasta The project is to replace the existing wood bridge on Rock Creek Road at Rock Creek with a cast in place reinforced concrete slab bridge. The new bridge will be at the same vertical and horizontal alignment, but will be approximately 5.5 feet wider. The approach roadway work will extend approximately 100 feet in each direction from the bridge and will be within the existing roadway prism.	<b>Neg</b>	04/13/2001
2001032075	Northern Regional Library Facility Phase 3 Berkeley, City of Richmond--Contra Costa As part of the Northern Regional Library facility (NRLF) program, the campus proposes an addition of approximately 66,682 gross square feet (GSF) due north and east of the existing Phase 2 building. The new building would be designed to house 2.2 million volumes of books for the campus and other UC northern systems. The addition would provide capacity for library deposits through approximately the year 2013. The NRLF-3 design also includes an addition to the existing reading room and staff area which is located near the entryway of the NRLF. With this addition, 20 of the existing 25 parking spaces will be relocated north of Phase 1, paralleling Regatta Boulevard.	<b>Neg</b>	04/13/2001
